DEPENDENT VERIFICATION WORKSHEET 2024-2025

We ask that you import your income and tax information from the IRS directly to the FAFSA, which you will be prompted to consent to if eligible. If you are ineligible or the transfer from the IRS is ineffective, please submit a 2022 tax return transcript which can be requested at IRS.gov or a signed copy of your federal tax return. For residents of Puerto Rico or if you are a foreign income tax filer, a signed tax return is acceptable.

This worksheet must be returned to our office with all sections completed before your financial aid can be finalized.
